PROFESSIONAL EXPERIENCE

UI Engineer / Front-end Senior - Angular/StencilJS, Minsait

2021 – present | João Pessoa, Brazil

As a design technologist, I regularly work on multiple projects and tasks using my knowledge doing design tasks with Figma and Front-end stuff, currently I'm working at the biggest Brazil bank, taking care of their user interface (public and internal view); also, building a web component project using StencilJS to reuse the same core components in multiple frameworks such as React, Angular, Vue, etc. In 2022, I taught several Angular courses for universities in partnership with the company that I work for; also, I was nominated "Learning Influencer" in the "Front-end" category.

Full Stack - React/Meteor, Rocket.Chat

2020 – 2021 | João Pessoa, Brazil

As a startup, I worked on many tasks helping the product to be a solid product. Due to being an open source project, I handled any pull requests from the community, answering the open issues, and implementing new features, improving products, fixes, etc.
